

No Call No Show Policy

If you do not show up to your appointment without notification that you will not be coming to your appointment, there will now be a no call/no show fee charged to re-book for any future services.

The no call/no show fee will not go towards your future appointment, it is a separate charge for the missed appointment. You will also be required to make a 50% non-refundable, non-transferable deposit to re-book for your future appointment.

Please understand no calls/no shows take up time from my day that I could have done another client and it does not allow me to have enough notice to fill up the appointment slot. Thank you!
