

# Lash Lift Prep

- Arrive with clean, makeup free lashes and have all makeup removed from the eyelid area.
- Remove contacts
- If you previously had extensions, you must wait 3-4 weeks to schedule a lash lift.
- If you previously had a lash lift done by another technician, you must wait 8 weeks to receive a lash lift by me.
- For the best lash lifting results, use a nourishing oil (castor oil) and apply it daily to condition your lashes. You can also use a lash serum.

# Lash Lift Aftercare

- Do not get lashes wet for 24 hours after the service.
- Do not touch your lashes for 24 hours after the service
- Do not crease, sleep on or rub your lashes 24 hours after the service
- Do not apply makeup/eye creams for 24 hours after the service
- Use castor oil to daily condition lashes or a lash serum to promote growth.
